## Special Needs

We love to create parties around what you need. If your child or their guests have special needs, please tell us when booking your party and we can make the party extra special! Our dancing parties are nut free friendly, please ensure that you are aware of any other food allergies so that you can cater for them if you are supplying food.

## Parent's Room

We know how much parents like to have their own time and also get to see all the fun their children are having. Outside the dance studio we have a waiting room, where all of the parents can enjoy watching all the dancing fun on the TV screen. Parents are welcome to come in the party room to take some pictures and see all the fun (all parents of guests need to have agreed on taking photos).

## Birthday Cake

We can design the party around the special birthday girl or boy but we know how much they love to have their own birthday cake! We love to see all the different birthday cakes you bring along to share with your friends. Please let us know in advance if you are bringing an ice cream cake.

## Party Times

Dancing parties at the studio run from 1-2 hours depending on the type of party. Perfect amount of time to have a fun dance class and play party games with the birthday child. If there is any time changes you would like to make please advise and we may be able to cater to them.

## We can come to you!

We know how much you love having a party at your own house. Our special dance teacher can come and visit the party at your house. From 1-1.5 hours our dance teacher will come and entertain all of your guests.
